UNIVERSITY OF AMSTERDAM
Amsterdam Business School

Finance Modules (MBA in Finance)

The MBA in Finance modules are ideal if you want to enhance your finance skills and accelerate your career in the financial sector. The modules combine business relevance and academic rigour in unique ways – integrating the input of top academics, policymakers and key figures in the financial arena. You gain MBA level knowledge without the commitment needed for the full degree programme.

Why follow the MBA in Finance modules at the University of Amsterdam?

- Continuing education for finance professionals
- Small-sized classes
- Link theory to practice: in-class, interactive learning and discussion with post-experience MBA students
- Combine study and work: evening classes once a week
- Possibility to complete later full MBA in Finance degree: module credits are valid for five years
- Highest academic standards: AACSB, AMBA, EQUIS, NVAO
- Programme partners and networks: CFA & CAIA
- Permanent education points.

Assessment/Grading

The grading of each module is partly based on individual or group case assignments and/or exercise assignments, and partly on a final exam. Each participant who passes the course and exam with a sufficient grade will receive a certificate of completion.

Entry requirements

Required degree

Bachelor's or Master's university degree in a related field (e.g., finance, business administration, economics, engineering, natural sciences, mathematics, law).

Work experience

A minimum of two years of relevant work experience in the financial field or with a financial organisation. Evidence of analytical and conceptual skills, a desire to strive for excellence, a proven capacity for hard work, and willingness to contribute to a highly diverse learning environment.

Online application

To apply for a MBA in Finance module, you need to fill out the registration form at abs.uva.nl/finance-module and submit it with the following documents:

- Curriculum Vitae
- Copy of passport
- University degree
- University transcripts

After receiving your completed application form we will evaluate your profile and contact you for an introductory meeting.

The registration deadline is two weeks before the start of a module.
